RELEVANT EXPERIENCE

Legacy Builders has extensive experience building projects that range in size from 10,000 to 170,000 square feet in the commercial, retail, residential, educational and hospitality sectors. Our diverse urban experience has given us the opportunity to work with a crossplatform of clients and properties and thus our practice has grown to become a multidisciplined construction management firm.

Notes and Clarifications

1. All permit costs, impact fees, filing, expediting, and related jurisdictional costs are excluded.
2. All work is assumed to be performed during regular business hours (Mon–Fri, 7am–3:30pm).
3. No repair or replacement of hardscape, landscaping, irrigation, or exterior site features is included.
4. No allowance has been made for reconfiguration of elevator hoistways, pits, or overhead beams.
5. No provision for security, access control, or camera integration is included.
6. Generator load studies or upgrades to support elevator recall or lighting are excluded.
7. No testing, remediation, or handling of hazardous materials is included.
8. Independent inspections (e.g., concrete core tests, load testing, water testing) are not included.
9. No exploratory demolition or investigation of unknown leaks, cracks, or failures is included.
10. Work to existing sprinkler piping and equipment in garage is not included.
11. Structural repairs to existing facade are not included.
12. Painting of existing building is not included.
13. Post-tension cable replacement is not included (pending access to units).
14. Fire alarm wiring and devices are not included.
15. Telecom conduit and back boxes are included.
16. Conduit for fir alarm is included.
17. Audio/visual is not included.
18. Replacement of tile and/or countertops is not included.
19. Moving/relocating furniture is not included.
20. Repairs to existing epoxy coated surfaces is not included.
21. Work associated with annual sprinkler assessment is not included.
22. Work at lobby, corridors and elevator area is not included.
23. It is assumed that existing sprinkler mains and pump(s) are in working condition.
24. Existing pool fencing to remain.
25. Lighting controls are excluded pending scope clarification.
26. Side walk shed, scaffolding, and equipment for window replacement is not included.
27. Sprinkler work is not included.
28. Impact rated glass, new thresholds, door stops, and weather stripping at new exterior doors is not included.
29. Asphalt pricing is based on a single mobilization. If phasing is required there will be additional costs.
30. Price for patching and painting after electrical and plumbing scope is based on simultaneously working on 5 units at a time.
31. Price for exterior doors includes repairing existing frames and replacing doors and hardware.
