	SCOPE OF WORK: Deliver & install an Arte 3RL100 woodburning fireplace. Chimney venting will be straight up through upper floor then up through low pitched roof. Fresh air kit to be installed from fireplace. GC will locate & install fresh air intake. If fireplace is to be raised, then the platform will be constructed and ready for day of installation, with non-combustible materials. GC will cut all through floor & roof penetrations assisted by Wittus. GC will also assist with getting fireplace into home and installation location. Access with Wittus truck to structure for unloading & assured by GC. GC roofer to seal flashing. No bends in this estimate, and if needed, will be billed as an extra.			
	PLEASE NOTE: All permits, electrical, plumbing, HVAC, framing, drywall, painting & gas line installations, to be completed by others and not included in Scope of Work, unless otherwise stated in Scope of Work.
