THE CARPENTRY SHOP CO

TC SC

Expertly crafted furnishings, for the spaces we love most. Handmade in Tappan, NY.

We are committed to working with integrity, respecting our community and our craft, and providing a place where creativity and community thrives.

Contemporary Design, Traditional Building

With four generations of professional woodcraft, we have the tools and expertise to innovate for modern tastes, and bring traditional woodworking back to the modern and fast-paced furniture business.

Left: A coffee table for an interior designer's personal home-- this client had a very specific request that we were able to bring to life! Walnut veneer plywood, antique mirror, and a bleach Spalted Maple cross-cut make up this unique piece.

Natalie Dion, CEO
Sales/Marketing/Designer

Julian Dion, COO
Head Carpenter

Antonia Januzzi-Thomas
Senior Designer/Sales

Jennifer Nellen
Sales/Product Management

We have the expertise to work with a variety of different types of clients on a variety of builds.

Yup, that's our team! We're a small, family run business with strengths in modern industrial, and architectural design-- allowing us to stretch and flex as each project requires weather it be a small residential project with a single client, or a large commerical project with engineers and architects.

It's all about Relationships

When a project necesitates, we have industry partners we can rely on to get the job done, such as stone companies, an upholstry shop, metalworkers, engineers, and more.

Sustainability

We believe that our beauitful planet provides us with endless wonder and countless possibilities. Our work with solid wood tree slabs shows us this everyday! We try to give back whenever and however we can, and for this reason we proudly are partnered with One Tree Planet - a 501(c)(3) nonprofit dedicated to global reforestation. To date, One Tree Planted has planted over 100 MILLION new trees across 83 countries and counting. As "ONE-FOR-ONE" partners, one tree is planted for every TCSC product sold.

10+ Years of Outdoor Build Expertise

Collaboration with HUNTERGREEN Garden Design: inspired by Japanese and Scandanavian design. NY, NY

Reconnect with the Outdoors

Welcome to TCSC Outdoors, your go-to destination for turning your outdoor construction dreams into a reality. Whether you're a homeowner, a GC, or a member of the design trade, we are here to provide you with all the tools and resources you need to ensure the success of your next project.

We provide the following per each project and/or project inquiry:

- *Free Price Estimates*
- *Full Design Drawing Sets per project*
- ***NATIONWIDE shipping***

Commercial Experience

Final touches on one of two camera displays developed for Leica Camera to be installed @ B&H Camera. NY, NY

One of the two displays Leica camera contracted us to create, made of stained White Oak, magnetic track lighting, and a powder coated metal backing.

Luxurious Pieces for Luxurious Experiences

In today's competitive business landscape, creating a memorable and inviting space is essential to making a lasting impression on clients, partners, and employees alike. Whether you are designing a high-end hotel, a prestigious office building, or an upscale restaurant, investing in luxurious furnishings can transform your establishment into a captivating masterpiece.

We know what a space means to a brand.

We also know how functionality and durability can make or break commercial and heavy-use spaces. Our pieces can be found in resturaunts and retails spaces alike. We take pride in our transparency, and will guide you to make the best choices for the demands of the piece.

A corporate rooftop buildout meant for heavy year round use, TCSC was responsible for constructing all planters and benches, and sourcing the components and products of all the other pieces selected by the client.

Each piece is held down with 1/4" steel wire cable, that connects to a large engineered stainless steel plate that ensures no piece moves when there are heavy windstorms. There are upwards of 33 plates below the ceramic tiles.

We work with commercial clients large and small; whether you're a global brand, or a small regional business, we're committed to getting you the perfect piece for your space.

Brands we've worked with include:

TUMI

Leica

Hilton

HUNIFORD

Monkeypod slab conference table with black metal legs for the CBX office. NY,NY

Interiors and Residential Pieces

Stained Monkey Pod dining table with a "Nakashima" inspired wooden Monkey Pod base. New Cannon, CT

60"x60" White Oak coffee table with a scalloped edge detail, and white marble top for a private residence. NY, NY

Our unwavering dedication to the use of high-quality, responsibly sourced materials, is essential to the success of our products.

From inception to completion, each piece is created alongside our astute and aesthetically savvy clientele. We delight in the process of bringing our clients' visions to life. Truly no inquiry is too complex or "out there."

We build each piece to last generations

Our unwavering dedication to the use of high-quality, responsibly sourced materials, is essential to the success of our products. Each project offers new insights to our aesthetically savvy customers and gives us another opportunity to deepen our evolving understanding of working with natural yet mercurial materials.

Our expertise reaches beyond slab furniture and outdoor hardscaping; this piece features a custom selected Benjamin Moore color and dimensional Maple lumber with tambor and custom turned details.

Bathroom Countertop design. Installed by The Brestolli Brothers. Other solid wood features in the bathroom include wood clad wall, built-in bench, and floor, on the opposite wall around the copper tub. Rockleigh, NY

Our Partners

One of our Partners, located in Turkey, are stone masons!

If we don't make it, we know someone who can!

We understand the importance making a space a home, and sometimes that extends beyond carpentry work! We partner with industry professionals and artisans around the globe to bring you everything you may need for your build, start to finish.

No matter if you are an at-home DIY-er or a professional contractor, we're here to help.

Quality and customer service remains at the forefront of what we value. Each of our partners is another small business owner who has gone thorugh extensive vetting to ensure we're working with real people, who value what we value: craft, quality, and care.
