WARRANTY PROCEDURE

Should a product furnished by Haines, Jones & Cadbury LLC (HJC) not function properly after proper installation, a call should be made to HJC's Warranty Department at (800)459-7099. This phone call will initiate the following warranty procedures:

1. The presented issue will be recorded in HJC's warranty log. Information will be gathered related to the perceived problem, a detailed description, etc.
2. The product manufacturer will be contacted.
3. The manufacturer will have a technical representative contact the person who called in the issue or their designated representative.
4. Troubleshooting will be done to determine the required action steps to be taken.
5. Action steps determined during troubleshooting will be carried out.
6. The manufacturer will follow-up with HJC as to the action steps taken to resolve the issue.
7. HJC will follow-up with the initiating party once the matter has been resolved.

This procedure is a guideline for warranty issues. Each issue is reviewed on a case-by-case basis to return the owner's facility to operational status as quickly as possible. Product issues can be caused by a variety of situations and each case must be reviewed closely to determine the required action steps necessary to achieve a proper resolution.

Should it be determined that the malfunction of the product is a result of improper installation, abuse, vandalism, site conditions, or other non-product related condition; all cost incurred by the manufacturer and/or HJC will be the responsibility of the facility owner, general or sub-contractor, customer and/or buyer, as applicable.

Important Note: Generally, defective material must be returned for inspection before credit can be issued. Until final determination is made regarding alleged product defect, the facility owner, general or sub-contractor, customer and/or buyer, as applicable is responsible for payment of any "replacement" product.

MATERIALS RETURN POLICY

Haines, Jones & Cadbury LLC (HJC) shall provide a Return Materials Authorization (RMA) number to original purchaser for all authorized returns. It shall be the responsibility of the original purchaser to obtain written RMA approval and Special RMA Shipping Labels to receive a credit for returned merchandise.

RMA packing slips and special RMA Shipping Labels must be provided for all returns. Items returned without RMA Shipping Labels attached will be refused for delivery and returned to the sender freight collect. Should an item be inadvertently accepted without Special RMA Shipping Labels the customer will be contacted to determine the disposition of the materials. Items for return must be shipped freight prepaid in original unopened packaging and in resalable condition. Items returned for credit that were quoted as part of a product mix on an order will require re-quote to determine the value of credit applied. Any adjustments will be reflected in the restock charge assessed to the RMA. If the order was originally shipped full freight allowed, the party returning the order will be held responsible for both in-bound and/or out-bound freight charges (duty and brokerage also apply for Canadian shipments). All products must be returned to the location they originated from unless otherwise indicated on RMA shipping labels provided by HJC.

- All RMA requests must reference an invoice number.
- All requests for returns must be made within six (6) months of invoice date.
- All returns must be received at an HJC Distribution Center within thirty (30) days from issuance of RMA.
- Items returned using an expired RMA will be refused for delivery and returned to the sender freight collect.
- Minimum fifteen percent (15%) restocking fee will apply.
- All requests for large quantities will be reviewed on a case-by-case basis

Partitions and Other Fabricated Items

Due to these products being an "engineered system" with approved fabrication drawings required prior to shipping, all requests for return are subject for review on an order-by-order basis.

SPECIAL ITEMS OF NOTE

Tax Exempt Sales: If the job is to be tax exempt, please provide required tax documents needed prior to first shipment.

Special Orders. Orders for Goods which Seller does not regularly stock may not be cancelled or returned (unless the manufacturer approves the return) for any reason after Seller has placed the order with the manufacturer. Special packing or handling requests by Customer shall be at Customer's expense.

Claims. No claim for damages, defects, shortages or otherwise shall be valid unless received in writing by Seller within forty-eight (48) hours of delivery of Goods to Customer. Following such forty-eight (48) hour period, Customer shall be deemed to have irrevocably accepted the Goods if not accepted by Customer prior thereto. If the Goods are damaged or defective and the manufacturer acknowledges responsibility under its warranty or otherwise, Seller may, but shall not be required to (i) replace the damaged or defective Goods from inventory, if available, or (ii) allow Customer a credit for the amount of the purchase price of the Goods. Under no circumstances and in no event shall Seller be liable for personal injury, death or property damage, or any other loss, damage, labor, cost of replacement or repair, or special, exemplary, consequential, incidental, indirect, punitive or liquidated damages, losses, or expenses (whether or not based upon negligence), including lost profits, lost income, lost revenues, business interruption or lost business, even if Seller has been advised of the possibility of such damages. In no event shall Seller's responsibility to Customer exceed the purchase price of the Goods purchased.
